

Windsor Clad Color-Matching Information on Sherwin-Williams National Database

Effective 12-19-24

The following is the process the Sherwin Williams paint store personnel will need to look up Windsor paint and stain specifications for interior finishes in their national database for matching formulas.

1. Notify the retail store associate you want to match a Windsor Window color.
2. Ask the store associate to access the National Account Client system in Sherlink.

3. Search Windsor Windows under the "Customer Name" in the database.

Search National Accounts Customers

Customer Name: Windsor Windows

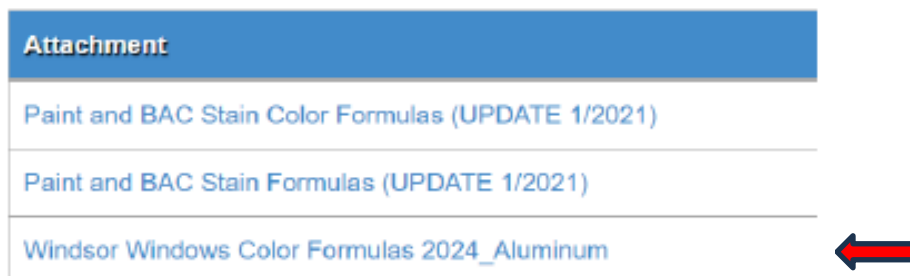

Customer Type: [dropdown]

Address: [text]

City: [text]

Search

4. Select the "Windsor Windows Color Formulas 2024 Aluminum."

5. Find the desired Windsor color by the Windsor color name and number.
